SOCIAL INDICATORS IN COASTAL ALASKA: ARCTIC COMMUNITIES

FIRST CONTACT WITH HOUSEHOLD

My name is (NAME). I work for Stephen R. Braund and Associates. We are conducting a study for a federal agency, the U.S. Department of Interior Bureau of Ocean Energy Management, or BOEM. The study is about well-being and living conditions in North Slope communities. We'd like your help.

Is there at least one person 18 years old or older living in this household?

YES →

CONTINUE WITH INTERVIEW

NO →

Thank you very much, in this study we are only interviewing people at least 18 years old.

For this study, we would like to speak with the head of each household. In this household, who would be considered the household head?

(IF MORE THAN ONE HOUSEHOLD HEAD)

Which of these individuals are available now?

(IF PERSON YOU ARE TALKING TO IS SELECTED AS RESPONDENT, SKIP TO APPROPRIATE INFORMED CONSENT FORM)

FIRST CONTACT WITH RESPONDENT

My name is (NAME). I'm working on a study for a federal agency, the U.S. Department of Interior Bureau of Ocean Energy Management (BOEM). We are asking people to talk with us about well-being and living conditions on the North Slope today. We'd like your help.

CONSENT TO PARTICIPATE IN RESEARCH

You are asked to participate in a research study conducted by Stephen Braund & Associates for the U.S. Department of the Interior, the Bureau of Ocean Energy Management or BOEM for short. BOEM is responsible for managing offshore energy exploration and development. BOEM'S responsibilities include monitoring the impacts of development on North Slope residents and taking steps to reduce any impacts.

PURPOSE OF THE STUDY

The purpose of the Social Indicators Study is to measure the well-being of North Slope residents so that any impacts of offshore oil and gas exploration and development can be identified and mitigated.

PROCEDURES

Your participation in this research project is voluntary. The interview is confidential and takes about one hour. We will pay you \$50 for your participation. If we get to a question that you don't wish to answer, just say "pass".

POTENTIAL RISKS AND DISCOMFORTS

You may feel uncomfortable with some of the questions in this survey. We have placed the most sensitive questions in a self-administered part of the interview. We also use cue cards so that you can give your answers by selecting a letter indicating your response choice. As noted above, if we get to a question that you don't wish to answer, just say "pass". In order to protect your identity, we have assigned codes to everyone in your community, and instead of using your names, we will use these codes. We will not identify you or your household.

ANTICIPATED BENEFITS TO SUBJECTS

The 1953 OCS Lands Act requires BOEM to monitor and assess, and if possible mitigate, impacts of resource development on the human environment. This study will produce baseline data to accomplish this legal requirement. It may help BOEM to avoid or reduce impacts of development. However, you should not expect to benefit directly from participation in this research. You are important to the goal of building an accurate picture of well-being on the North Slope. Do I have your permission to start the interview?

► Yes ► No

If NO, stop interview. If YES, read the Paperwork Reduction Act Statement.

_____ Signature of Respondent

Contact Information:

Principal Investigator: Stephen R Braund, 425 G St, Suite 310, Anchorage, AK 99501, (907) 276-8222, srba@alaska.net .

Bureau of Ocean Energy Management or BOEM, 3801 Centerpoint Drive, Suite 500, Anchorage, AK 99503, Attention: Chris Campbell, Contract No. M11PC00032, (907) 334-5264, Chris.Campbell@boem.gov .

PAPERWORK REDUCTION ACT OF 1995 (PRA) STATEMENT: The PRA (44 U.S.C. 3501 et. seq.) requires us to inform you that we collect this information to obtain knowledge of well-being in North Slope Communities. Responses are voluntary. Proprietary data are covered under FOIA. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Public reporting burden for this study, is estimated to average one hour per response. This includes the time for reviewing instructions, signing, the form, and answering the questions. Direct comments regarding the burden estimate or any other aspect of this form to the Information Collection Clearance Officer, Bureau of Ocean Energy Management, MS HM-3127, 381 Elden Street, Herndon, VA 20170
